

COMPUTER GRAPHICS 1: ePORTFOLIO ASSIGNMENT #5

Tutorial Exploration

For this activity, you will work with a series of your own creations to demonstrate a series of effects, FROM THE LIST PROVIDED, in Illustrator.

REQUIREMENTS:

1. Think of five (5) unique high-quality illustrations that you wish to create; which are appropriate for class.
2. Do five of the online tutorials listed for five (5) new effects that we have not discussed during class.
3. Watch each tutorial, and utilize the new effects during your image creation.
4. Paste these images in your PowerPoint file. Under each image, explain what you did to create the image, and include the link to the online tutorial.
